

National Federation of Democratic Women
Resolution in Support of Former Vice-President Joe Biden's Efforts
to Find a Cure for Cancer

WHEREAS, cancer takes the lives of more than half a million Americans annually, and cancer is the second leading cause of death in the United States; and

WHEREAS, the Center for Disease Control is predicting an increase of prostate, lung, colorectal and female breast cancer cases by 2020; and

WHEREAS, President Obama appointed Vice-President Joe Biden to head the "moonshot" to find a cure for Cancer, and the Vice-President is working diligently with the medical community, research scientists and cancer experts to find the cancer cure that all humanity so emphatically desires and deserves; and

WHEREAS, Vice-President Joe Biden has worked diligently to secure funding from the National Institute of Health and this funding should be preserved.

THEREFORE, BE IT RESOLVED, the National Federation of Democratic Women will support Vice-President Joe Biden's work to find a cure for cancer, and we will devote our time and talents to help educate our fellow Americans and to encourage all citizens' dedication to support this critically important work.
